

Rogers High School: Home Access Center Account (HAC) Information/Directions

Parents, Guardians, and Students of Rogers High are able to view information, as well as receive email messages with teachers, using the Home Access Center. Information for Rogers High School Students includes registration, attendance, discipline, schedules, classwork, progress reports, report cards, and a summary of transcript courses.

As we begin the process of registration for the 2014-2015 School Year, students must have their own Home Access Center (HAC) account to be able to complete the course selection process. This account is separate from the parent HAC account.
